## Handwriting Analysis Presented by SBWN Member Gila Zak, Quantum Waves Hypnotherapy & Biofeedback

On Tuesday, May 2, 2017, South Bay Women's Network (SBWN) will meet at La Palapa Mexican Cuisine & Seafood, located at 1346 2nd Street in Baywood Park at noon. Our featured speaker and SBWN Member Gila Zak owner of Quantum Waves Hypnotherapy & Biofeedback. Gila will be presenting Handwriting Analysis & Profile Grapho-Theraputics.

Are you are curious about what your handwriting says about you? Are you entering into a partnership or relationship where certain traits would be helpful to know ahead of time? Even your drawings and doodles reveal subconscious emotions and feelings! Our handwriting is an expression of our subconscious behaviors, tendencies and traits. It is revealed outwardly to us through our nervous system's expression of holding pen to paper with our fingers. The form of our letters and strokes along with the meaning of the letters can give a surprisingly accurate picture of what is going on in our behavior. As we re-train parts of our handwriting over the course of weeks and months, we see our behavior begin to change as well. In a complete analysis, we are able to see all the challenges and gifts that each of us have and in what situations they would apply. Handwriting analysis is used in government agencies, law
